

Stretch Goals:

- Work towards learning more programming languages
- Work on getting a Bachelors or Masters in CS or Mathematics

Background Goals within the year:

- Work on building my network in the technology world
- Become part of some tech groups, attend meet ups, build my online profile

Goals within the the next 6 months:

- Complete and receive my Certificate of Completion from the Java+Android Boot camp
- Study, pass, and receive my Java Certification Exam

Goals within the year:

- Find employment with a great company as a Java Developer or Software Developer
- Work on continuing my education, first enrolling with CNM to get a Certificate in Computer Programming
